

JOB SITE BOXES AND CARTS

from Border States

MATERIAL at point of install

Keep your electricians focused on the installation with secure, convenient access to materials right at the point of install.

Then, let Border States bring replacement materials to fill and organize material. It will keep your crews installing, not moving or searching for material. When you finish a phase of the job, we can change over the inventory in the boxes to get you ready for the next phase.

SAVE TIME and KEEP JOBS MOVING

WORK WITH BORDER STATES
to get material right where you need it.

Border States job site boxes and shark cages provide

- » More stability than traditional clam-shell style boxes to reduce tipping
- » Four doors — two on each side — position in the room center for easy access to material and reduced steps
- » High security lock
- » Rugged, durable construction
- » Push bar with 6" casters for easy maneuvering
- » 5,000-pound capacity
- » Heavy-duty powder coated steel
- » Fork pockets are crane lift-tested for safety and assist when loading and transporting to long distances at job site
- » Lifting eyes for rigging

Inventory Storage Box

- » Adjustable shelves in 3" increments
- » Higher capacity than clam-shell style boxes
- » Solid steel doors for protection from the elements
- » Installers are able to pick material from both sides
- » 32" wide x 60" long x 58" high
