# COMMUNICATIONS for INDUSTRIAL APPLICATIONS

OUR EXPERTS are ready to help

IT/OT convergence. Converged Plantwide Ethernet (CPwE). Common Industrial Protocol (CIP). Access Control. EtherNet/IP.

Communication enables industrial automation. Whether you are starting from scratch, securing what you are already using or adding to your network, Border States can help. From fiber optics to surveillance and microwave to Wi-Fi, we have the latest products and solutions from the best vendors in the industry. When combined with service that is second to none, we really are part of your team.
